*National Seminar
on*

Environmental Protection, Conservation and Sustainability (Hybrid mode)

on

16th March, 2023

Organized by

**ECO CLUB, Jagannath Barooah
College (Autonomous), Jorhat, Assam**

Financed & Catalyzed by

**Assam Science Technology and
Environment Council
(Dept. of Science, Technology & Climate
Change, Govt. of Assam)**

About the Organizers

Jagannath Barooah College is an autonomous college affiliated to Dibrugarh University and recognized by UGC, located in Jorhat, Assam, India. Since its inception in the year 1930, the college has been striving ahead for academic excellence in the field of higher education. As one of the premier institutes of Higher Education in the North East, J. B. College bagged the 64th rank in the all India rankings released by National Institutional Ranking Framework (NIRF) in April 2017. J.B. College fraternity is determined to build a conducive environment for all round development of the students and the community at large.

Eco-Club is initiated by the Ministry of Environment, Forests and Climate Change (MoEFCC), Govt. of India as a project named National Green Corps (NGC) for creating environmental awareness. In Assam, this Eco-Club is supported by Assam Science Technology and Environment Council (ASTEC) as a nodal agency. Eco Club of J.B. College has been working incessantly towards the betterment of the environment.

Assam Science Technology and Environment Council (ASTEC) is Govt. agency in Assam working on promotion and popularization of science & technology, growth of scientific temper and attitude among all sections people. ASTEC promotes innovation, technology generation and Intellectual Property Rights (IPR) activities in the state.

About the Seminar

The Earth's natural and significant native resources are currently under threat due to excessive human exploitation that eventually results in continued damage to our planet Earth's environment. It is the need of the hour to protect our natural environment, ecosystem restoration and improve the goals towards sustainability using eco-friendly approaches. Conducting awareness programmes, demonstrations and seminar activities among students, and researchers working on environmental sustainability is considered as remedial measure to address the conflict and issues on environmental degradation and sustainable development. Keeping this in mind, the ECO CLUB of Jagannath Barooah College (Autonomous), Jorhat, invites scholarly papers, posters for a one-day national seminar on 16th March, 2023 in blended mode (both online and offline) to address issues and challenges of sustainable

development in the era of fast changing environment and environmental policies. Organizers hope that the discussions and deliberations during the seminar will pave way for concrete action plans and remedial measures to an extent to resolve the issue of conflict between environmental degradation and sustainable development.

Sub-themes

- Global Change and Atmospheric Pollution
- Natural Resource Management including microbial resources
- Sustainable Agriculture
- Scope of alternative Energy Resources
- Socio-Economic and Legal Dimensions of Sustainable Development
- Sustainable Life Style, ECO city, Ecosystem and Wild Life
- Green Life Style, Green Synthesis
- Green Chemistry in the present era.
- Environmental Concerns, Ecocriticism and Literature.
- Deep Ecology, Material Ecocriticism, Ecofeminism and Literature
- Biodiversity and Meeting Its Challenges.
- Waste Water Management.
- Solid Waste Management.
- Hazardous Waste Management or any theme allied to the environment.
